

EVF 6: IOT - User Story

Persona: Sarah Jane Smith

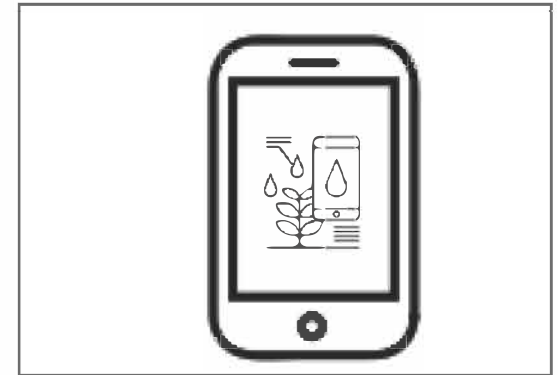

Scenario: Sarah Jane watering remotely

- Sarah Jane is on business trip and is worried about her garden

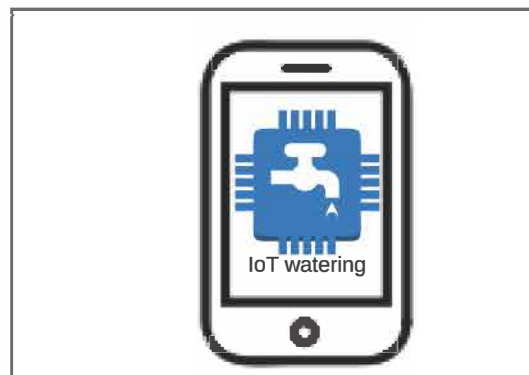

- Sara Jane logs into CyberTank on her mobile phone

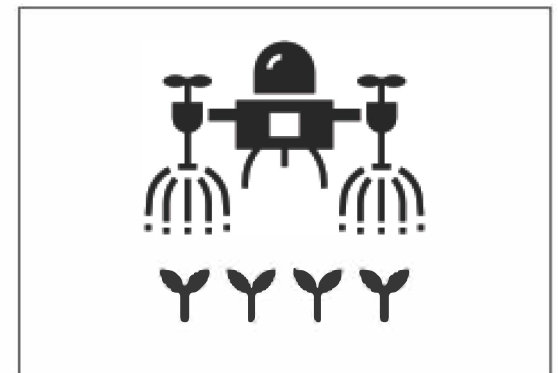

- Sara Jane checks the moisture content of the soil at home

- CyberTank informs her that the moisture content is zero and the ground is dry

- Sara Jane Turns on her watering device from the phone for 5 minutes to give the ground a good soak

- Her sprinklers turn on at home and water her garden for 5 minutes before turning back off
